CATANA ANDREEA

UI/UX Designer

+49 1523 617 8830
Am Ladenzentrum 12
21465 Reinbek, Germany

PROFILE

Hi! I'm Andreea. I am a UX/UI designer with background in graphic design. Creating beautiful, intuitive, high-quality artworks has been a big part of my recent job. I am excited to use my visual communication knowledge to wireframe, prototype and design engaging user interfaces for products that are accessible and beneficial to the user.

WORK EXPERIENCE

UX/UI Designer in Training
CareerFoundry

DEC. 2019 • SEP. 2020

• Concepted and Designed **TheTrust** app, a goal-saving, finance tracking and investing app, that will help users save towards multiple goals, evaluate their spending habits and make them all around better at managing their finances.
• Concepted and Designed **PinCity** app, a location-based recommendation app that will allow users to explore different places easier and faster and also discover cheaper and well-suited local restaurants.
• Concepted and Designed **Chair's** app, which aims to improve user's experience when buying furniture and to promote local brands while giving users what they want when they need it.

Designer at
TIMISOARA CITY HALL

MAY 2008 • OCT. 2019

• Worked on interactive design, layout, typography design and concept to promote cultural events of the institution
• Paginated Timisoara City Hall newspaper
• Administered institution's website by keeping content and design up to date
• Worked at the festive events of the Timisoara Municipality
